Yoga Calm is an innovative child education method that reduces stress, improves self-control and develops social/emotional skills. It was developed by a school counselor and yoga teacher from over 30 years of classroom and counseling experience with a wide range of students, including those with severe behavior disorders. Yoga Calm is appropriate for K-12 and especially effective for K-8.

The Summer Intensive introduces the complete Yoga Calm system, its principles and all 60 activities from the Wellness 1, 2 and 3 workshops. These include breathing exercises, simple yoga poses, social/emotional skill development activities, relaxation/storytelling processes and emotional guidance techniques.
